WALSH SAYS:

There is no sphere of industrial effort where quality proclaims itself so readily as in men's tailoring.

Quality always proclaims itself in Walsh garments, because to the very finest materials is added the highest class hand tailoring.

For his Christmas present nothing will please him more or is more sensible than a Walsh suit or overcoat.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys If Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back burts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it to longer irritates, thus ending bladder disorders.

Jad Saits can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, ryolding serious kidney uisease.

water commissioners measures up to the requirements.

These are not only that he must be an engineer of standing in his professian, but a man of executive ability, for the superintendent is the active head of the department and has general charge of all its activities and of the office work as well as of the technical details.

The water commission held a special meeting Monday afternoon, and will fix a date later in the week at which the election of a superintendent will take place. The election must be confirmed by the city commission. The position now pays \$4,500 a year, but it is possible that the salary may be increased. A month ago the Engineers club, of Memphis, appointed a committee and auggested that they would be glad to suggest the mames of one or more competent civil engineers, for the position. J. Thos. Welford, chairman of the commission, replied that the commission, replied that the commission, no narries had been submitted. There are, it is said, two applications before the beard, both of them well-known civil engineers. each.

At legislative sessions for the past six years diligent efforts have been made to have the pension fund increased, but with very little success. Twenty years ago the Confederate veterans dominated both branches of the lawmaking body. In the new legislature there will be only three members who served in the Confederate army.

WAZOO CITY HAS 1,000 NEW RED CROSS MEMORITHMENT

MISSISSIPPI GIRL HAS DONNED ROBES OF PORTIA

YAZOO CITY, Miss., Nov. 17. (Spi.)

Miss Ruth Campbell, a daughter of Judge J. H. Campbell, Sr., and a sister of Mayor T. H. Campbell, Jr., has been admitted to the practice of law in this state by Judge W. H. Potter, in Yazoo circuit court. She is Yazoo county's first woman lawyer.

For some years past Miss Campbell, has been serving the law firm of Campbell & Campbell, her father and brother, as stenographer. At the same time she read law in the office. This spring she went to Jackson to take the examinations for entrance to the bar and was complimented on the grade she made.

As to her future nothing definite has been decided, but it is probable that she will be admitted to the firm of her father and brother and will enter upon the practice of law in this city.

word and not one has applied for the appointment.

The commissioners immediately upon accepting the resignation of Wirt J. Wills, who left the department after 12 years' service to engage in private business, announced that no political appointment would be made and that if a technicaly qualified man could be secured for the salary the commission can pay, such a man would be named. It was rumored Monday that A. L. Dabney's name was under consideration, but the commissioners prefer not to make any statement until they nave all the applications before them.

The Engineers' club may make their suggestions before the date set for the election. In the letter to the club president, H. H. Hull, the water commissioners suggested that names of competent men, either members of the club, or of a man otherwise qualified who is not a member, would gladly be considered. The niembers of the club named to make the proposed suggestion are BLUE MOUNTAIN Miss. Nov. 171

Th. Gambrell is nearly 80 years old and is one of the few survivors of the Confederates who charged with Picket at Gettysburg. In spite of his age he still speaks with power and is now engaged in speaking in behalf of the Baptist \$75,000,000 campaign.

MISSISSIPPI CHARTERS.

MISSISSIPPI CHARTERS. not a member, would gladly be considered. The members of the club named to make the proposed suggestion are F. G. Proutt, D. M. Crawford, and E. H. Bowser.

The date fixed for the election will probably be either Friday or Saturday. The superintendent is required to give a \$25,000 bond, which also must be approved by the city commission.

A force of experts, employed by Chester and Pieming, hydraulic ongineers of Pittsburgh, Pa., have been making a survey of the water department for the past three weeks. They will complete the survey within three weeks more and will probably make their report is to outline a program of extensions and improvements for several years shead, including the extensions to be made into the annexed territory, which will become a part of the city Deg. 1. J. N. Chester, of the firm, is in personal charge of the survey. The water commissioners ordered the survey some time ago, and upon it will be based their work for the city row.

PAPER SUSPENDS.

NATCHEZ, Miss., Nov. 17. (Spl.)—
Because it has entirely suspended the operation of its packing department, application was made by the receivers of the First Natchez hank for a receiver for the Natchez Packing company plant, operated by the Mississippi Packing company, a subsidiary of Wison & Co.

The receivers of the First Natchez bank and a number of individuals hold 500,000 of its first preferred stock. These stockholders permitted the plant formerly owned by the Natchez Packing Co. to be conveyed to the Mississippi Packing Co., upon the agreement that the plant would be operated for a term of 10 years, and \$80,000 in first preferred stock. In addition to the suspension of operation, it is alleged that the operators of the plant have removed portions of the equipment installed by Natchez capital. CORINTH. Miss., Nov. 17. (Spl.)—
Amountement is made of the suspension of the McNairy Independent, published at Selmer, Tenn., by J. W. Purviance, the nestor of the country newspaper men in West Tennessee. The suspension is brought about by the inability of the publisher to secure efficient printers. The paper was published at Old Purdy before the removal of the country site from there a number of years ago, and Mr. Purviance is not only a newspaper man but was at one time a successful member of the legal fraternity. He suit the practice of law, it is stated, because he said he wanted to feel that he had some hope in what lies beyond the grave.

EQUAL TARIFFS FOR MEMPHIS GRAIN MEN

The new freight tariffs on grain and grain products equalizing the Memphis rates with St. Louis, Cairo, Ill., and other competitive grain markets, for which the Memphis grain dealers have been contending for the past 10 years, are to be issued Jan. 1, according to announcements made at the meeting of the National Industrial Traffic league in Chicago last week. The word was brought back by J. B. McGinnie, commissioner of the Memphis Grain exchange, who returned from Chicago Monday.

The new rates will be of immeasurable value in building up the Memphis grain trade throughout the South, since they will eliminate the advantage the present rates give to St. Louis and Cairo in reaching Arkansas, Louislana, Alahama, Mississippi, Georgia, Florida and Texas.
